Approximately 40 riders took off on their bikes for the ten mile ride for the Appomattox County Unit of the American Cancer Society on Sunday afternoon. The Bike-A-Thon was termed a big success for the county with at least 126 sponsors for the event. All 40 riders completed the ten mile route without any accidents, but probably some aching muscles.

Bike-A-Thon Big Success In County

The Appomattox County Bike-A-Thon, held in conjunction with the National "Partridge Family Bike-A-Thon", was termed a big success by those involved in the project.

Approximately 40 persons (all ages) participated in the event on Sunday afternoon, riding bicycles for pledges to the American Cancer Society, a certain amount was pledged for each mile ridden and the course was ten miles in length.

This was the first time an event like this has ever been held in Appomattox County. There were 126 sponsors made up of individuals, businesses, civic organizations and clubs who pledged money to the 40 bike riders amounting to approximately $400.00. This amount will apply to the Cancer Crusade for next year.

It took approximately 1 and 1/2 hours to complete the ten mile ride which started at 1:00 p.m. Participants expressed hope that this would become an annual event in the county.

Soda pop was donated for the participants by Pepi Cola Company of Lynchburg and cakes and cookies were donated by local volunteers. Assisting in the ride were members and units of the Appomattox County Sheriff's Department and the Appomattox County Rescue Squad. Workers at the starting point, at check-points and at the finish included Mrs. Richard Bartelt, Richard Brenner, Mrs. Ray Noble, Miss Hester Stevens, Mrs. Edwin Stanley, Mrs. James Baxter, Mrs. W. E. Jamerson, Mrs. Jerry [illegible]orge and Mrs. Bobby Stan[illegible]

As election day draws closer, remember your privilege and opportunity to voice your own opinions. Don't forget to vote! Think of family and friends who may need a ride to the polls, or perhaps a babysitter while they vote. Here's an opportunity to be more thoughtful than love requires.

Fall is the best time to kill weeds. Try an apple corer to dig up small weeds. It gets deep to the roots and won't disturb nearby plants. As you uproot a weed, shake a few grass seeds into the spot. A glass jar with holes punched in the top will make the job easier.

Your car windshield will be collecting frost and snow now that winter is coming. Cover your windshield with an old shower curtain, newspaper, or cardboard to keep it clean and dry. If snow has already accumulated on the windshield, a small worn whisk broom will come in handy. Keep it in the glove compartment or trunk.

If your windshield is dirty from mud, insects, tree sap, or cigarette smoke, try one of the following for a clear, clean view:

- ammonia water
- baking powder on a damp cloth
- a damp old linen towel
- cola drink on a damp cloth
- commercial glass cleaner

For removing steam or fog, a clean blackboard eraser or cellulose sponge will do the trick effeciently. Moist salt rubbed on the windshield, inside or out, will keep it from frosting or icing. Above all, safety is especially important in bad weather outings.
